

**Title:**

**Overview of Diverse Optical Fiber Types**

**Prof. Gerd Keiser**  
**Boston University**

**2015/04/21 (Tue.) AM 11:00-12:00**

國立成功大學 光電科學與工程學系  
綜合大樓 48418 室 (4F)

**About the speaker:**

**Biography:**

Currently Dr. Gerd Keiser is a research professor at Boston University specializing in telecom optical networks and biomedical photonics. Formerly he was a chair professor of electronic engineering at the National Taiwan University of Science and Technology, worked in the telecom industry on optical communication systems and digital switching, and founded PhotonicsComm Solutions, a firm specializing in consulting and education for the telecom and biophotonics communities. In addition, he is an IEEE Life Fellow, an OSA Fellow, a SPIE Fellow, an associate editor of the journal Optical Fiber Technology, and the author of four graduate-level books including the widely used text "Optical Fiber Communications."
