

Title:

Graphene as an emerging optoelectronic material

Dr. I-Tan Lin (林軼丹博士)

Electrical Engineering Department
University of California at
Los Angeles (UCLA), USA

2013/8/1 (Thursday) AM 10:30-11:30

國立成功大學 光電科學與工程學系

綜合大樓 48418 會議室

About the speaker:

I-Tan Lin was born in Taiwan, in 1986. He received the B.S. degree in electrical engineering from National Chiao Tung University, Taiwan, in 2009, and M.S degree in electrical engineering in 2012 from the University of California at Los Angeles, where he is currently working toward the Ph.D. degree in electrical engineering. His current research interests include graphene-based optoelectronics, terahertz frequency devices, plasmonics, and time-resolved ultrafast spectroscopy.

Sponsored by:
Department of Photonics, NCKU
