

Lectures on Dye-sensitized Solar Cells and Organic Photovoltaics

Prof. Francisco Fabregat-Santiago

Department of Physics,
University of Jaume I , Spain

Title: Electrical Properties of Electrochemical Device : An Impedance View

Prof. Germà Garcia Belmonte

Department of Physics,
University of Jaume I , Spain

Title: Charge Carrier Diffusion-Recombination in Organic Solar Cells

Dr. Torben Daeneke

CSIRO, University of Monash, Australia

Title: Next Generation Materials for Dye-sensitized Solar Cells
